PRELIMINARY AMENDMENT

Assistant Commissioner for Patents

Washington, D.C. 20231

Box: Patent Application

Dear Sir:

In regards to the above-identified PCT application which is now entering the U.S. National Stage pursuant to 35 USC 371, please amend the specification (which is the substitute specification of the original English PCT specification) as follows:

IN THE SPECIFICATION:

Please replace the paragraph beginning at page 4, line 6 with the following rewritten paragraph:

a.

--Figures 5, 6 and 7 show further exemplified embodiments of the blinds of the invention.--

REMARKS

Applicant respectfully submits that the above amendment is only for the purpose of correcting the typographical error and clarifying the description of the accompanying drawings. In particular, as is clear from the entire description of the specification, there is no Figure 8 for the above-identified application at the time of filing the PCT Application; however, a description for Figure 8 was erroneously made in the paragraphs of Brief Description of the Drawings; and the above amendments is only for correcting this error and there is no new matter introduced by the amendment.
